## REPLY TO BE MADE TO GREEK ATTACK ON THE SHERIFF

M. P. Brown, chairman of the board of county commissioners, will submit to his associate commissioners, a reply tomorrow to the protest filed recently by the Greeks, that the sheriff's office is persecuting them. The reply will entirely exonerate Sheriff Herbert Peterson from all such charges.

"I have not formally framed the reply," said Chairman Brown. "In effect, however, it will state that the commissioners went into the Greek section and investigated conditions. It also will state that when Sheriff Peterson has ordered raids in that particular section it was because there was crime existing or that he had reason to suspect that crime existed. The reply will in no wise offer any criticism of the manner in which the sheriff is performing the duties of his office."

Chairman Brown declared that, in the opinion of the commissioners, Sheriff Peterson is zealous and impartially enforcing the law and that if raids had been in the Greek settlement with more frequency than elsewhere, unquestionably it was because there was reason to believe that the law was being violated more frequently in that section. The commissioners are certain, it is declared, that the sheriff is not specializing upon any class of people or playing any favorites.

## FAILURE TO PROVIDE CHARGED AGAINST PETERSON

The trial of Nels C. Peterson of Huntsville, charged with failure to provide for his four minor children, is being heard in the district court before Judge Agee today. A jury was empaneled and the arguments started. The case went to the jury this afternoon and a verdict is expected within a few hours. Peterson represented himself.

It is charged that he has four children, the oldest of whom is 16 years of age but an incompetent, and the youngest 8 years of age, and that he has willfully failed to provide for their support. He is a widower and his children are kept by relatives.

## DRAFT EVADERS ARE GATHERED IN BY OFFICERS

Three alleged draft evaders were taken into custody today by deputies of the sheriff's office. They gave the names of Oscar Potter, Medicine Lake, Wash.; Robert Clark, Desoto, Mo.; and George Kulm, Ruff, Wash. Potter and Kulm claimed they registered at Ely, Nev., and Clark claimed he registered at Sidney, Neb.

They all declared they knew nothing about their standing with their local boards and have not made out questionnaires.

ing quotations, which ranged from ¼c to ¾c higher with January \$1.27 and May \$1.25½, were followed by a slight further advance in some cases. Oats developed decided strength chiefly owing to the failure of peace talk to be confirmed. Furthermore, arrivals continued to dwindle. Liberal receipts of hogs eased provisions. Selling, though, was only of a scattered sort.

## Now That We Have Snow

it is an easy matter for the children to take groceries home on a sled. Many of the little folks do the entire family delivering at this time of the year.

This is a great help to those who find it difficult to get along because of the present high prices. A nice box is furnished with each order going out on a sled so that there is no danger of packages being spilled off in the snow. Send or bring the children with the sled Saturday morning.

**BUTTER**  
We have been unfortunate in that the creamery delivered us some butter recently that was not up to our standard. This butter was sold to our patrons ourselves believing it was of OUR usual high quality.

So far as we know this is the first time Ogdens patrons have had other than PRAISE for our butter. This occurrence is deplorable and very much regretted by ourselves and the creamery.

We have every assurance that it will not occur again. If you had an undesirable pound this week let us know and we will adjust the matter to your entire satisfaction. In the meantime don't be afraid to try our butter again.

For the present we maintain our old price of 48c a pound.

## "Isn't It Strange"!!!

that food administrator Mr. Hoover, by government authority, found it necessary to come to the rescue of the consuming public by forcing the retailer to reduce his profits on some commodities and change his methods of doing business.

The recently established cash-on-delivery grocery stores, by medium of heavy advertising, endeavor to attract public attention in his favor, and claiming to be operating in harmony with the Hooverized method and also save the expense of delivery, thereby selling cheaper—BUT DO THEY? The advertising costs of certain stores amounts to double the cost of our delivery system.

Your personal investigation will reveal to you that the Chicago Wholesale Grocery Co. has always maintained a standard of business which enables us, not only to undersell all other grocery store, but also give you a guarantee of quality.

## RELATIVES OF TAUSIG HURRY TO HIS BEDSIDE

Relatives rushed from three far-away parts of America to the assistance of Lee Tausig, when they learned that he was ill in the Weber county jail and had attempted to take his own life. His mother came and uncle came from Riverside, Cal., his father came from Hartford, Conn., and a brother started from San Antonio, Texas, but was intercepted by a message from the others, who arrived first. Tausig today was reported much better.

An order was issued by Judge Agee this afternoon, permitting his removal from the county jail to the Dee hospital and the young man was taken there by his mother, where he will be cared for until he has recovered. The family is well-to-do and has ordered everything possible to be done for the young man.

Tausig was coming to Ogdens on a Southern Pacific train a few days ago and tried to stab himself with a pocket knife. The knife struck him on the left side over the heart but did not penetrate very deep. He later tried to hang himself in his county jail and finally cut his throat in a window. His mental condition was attributed to the high altitude.

## NORTH OGDEN NOTES

George E. Brown of the ward bishopric, is in quarantine for scarlet fever, his oldest son, Clair Edward, being the one affected.

Charles E. Berrett, a former resident of this place, is reported quite ill at his home at Willow creek, Idaho, of valvular trouble of the heart.

William A. Brown, writing to his parents, Mr. and Mrs. George Brown, Sr., from Camp Lewis, Washington, says, "I had a most excellent time on Christmas. Being given a few days furlough I made a trip to Olympia and was extended the special courtesy and hospitality of a well-to-do family and certainly enjoyed their kind treatment of a soldier boy away from home and among strangers."

Samuel F. Berrett of Menan, Ida., an early day resident of this place has been visiting for some time with relatives and friends here.

William Andrew Jones of this place, serving as a missionary in the state of Mississippi, stopping there with Mrs. Lola Brady, in trying to extricate her little daughter, Jewel Estella from threatened death from fire, became so fearfully burned himself that every nail from both hands has come off and he is at headquarters of the mission at Chattanooga pending sufficient recovery to resume his missionary labors which has been suspended for a number of weeks. The little girl was very badly burned but not fatally.

Naturally considerable anxiety is felt by the families and friends of Raymond Holmes, Ray Daniels and William Blacklock of this place who were supposed to sail from New Jersey for France, Dec. 14, the last word from them being under date of Dec. 13.

The religion classes of this ward are making preparations for a conference
